

## SAFETY DATA SHEET

# Soft Care Sensitive

The safety data sheet is in accordance with Commission Regulation (EU) 2020/878 of 18 June 2020 amending Regulation (EC) No 1907/2006 of the European Parliament and of the Council on the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH)

### SECTION 1: Identification of the substance / mixture and of the company / undertaking

Date issued 03.05.2002

Revision date 23.11.2023

#### 1.1. Product identifier

Product name Soft Care Sensitive

Synonyms Soft Care Line Sensitive, IntelliCare Soft Care Sensitive

Article no. L-6972400, L-100938651, L-101108190, L-101108201

#### 1.2. Relevant identified uses of the substance or mixture and uses advised against

Product group Cosmetics and bodycare products.

Use of the substance / mixture Liquid handsoap.

Uses advised against Should only be used in areas mentioned above.

Industrial use Yes

Professional use Yes

Consumer use No

#### 1.3. Details of the supplier of the safety data sheet

Company name Lilleborg

Office address Hoffsvveien 21-23

Postal address Postboks 673 Skøyen, 0214 Oslo

Postcode 0275

City OSLO

Country Norway

Telephone number 815 36 000

Email [kundeservice.lilleborg@solenis.com](mailto:kundeservice.lilleborg@solenis.com)

Website <http://www.lilleborg.no/>

Enterprise No. 925745855

## 1.4. Emergency telephone number

Emergency telephone	Telephone number: 22 59 13 00 Description: Giftinformasjonen
---------------------	---

## SECTION 2: Hazards identification

### 2.1. Classification of the substance or mixture

CLP classification, comments	The product is regulated by "Forskrift om kosmetikk og kroppspfleieprodukter". Cosmetics and body care products are not governed by Regulation (EC) No. 1272/2008 on classification, labelling and packaging of substances and mixtures (CLP).
------------------------------	---

### 2.2. Label elements

EC label	No
----------	----

### 2.3. Other hazards

PBT / vPvB	The mixture is not PBT or vPvB.
Other hazards	Not known.

## SECTION 3: Composition / information on ingredients

### 3.2. Mixtures

Composition type	Mixture
Substance comments	Cosmetics and bodycare product. List of ingredients (INCI-list) is found on the product label.

## SECTION 4: First aid measures

### 4.1. Description of first aid measures

Inhalation	Get medical advice/attention if you feel unwell.
Skin contact	Rinse with water. Get medical advice if sores develop or irritation persists.
Eye contact	Flush well with running water. If eye irritation persists: Get medical advice/attention.
Ingestion	Rinse mouth. Drink 2-3 glasses of water or milk. Get medical advice if any discomfort develops.

### 4.2. Most important symptoms and effects, both acute and delayed

Acute symptoms and effects	No known effects or symptoms associated with normal use.
Delayed symptoms and effects	No known effects or symptoms associated with normal use.

### 4.3. Indication of any immediate medical attention and special treatment needed

Separate first aid equipment	Eye wash bottle.
------------------------------	------------------

## SECTION 5: Firefighting measures

### 5.1. Extinguishing media

Suitable extinguishing media      Use extinguishing media appropriate for surrounding fire.

### 5.2. Special hazards arising from the substance or mixture

Fire and explosion hazards      The product is not flammable.

### 5.3. Advice for firefighters

Personal protective equipment      This product does not bring about need for additional personal protective equipment.

## SECTION 6: Accidental release measures

### 6.1. Personal precautions, protective equipment and emergency procedures

General measures      No special measures required.

### 6.2. Environmental precautions

Environmental precautionary measures      Do not flush large quantities into surface water or sanitary sewer system.

### 6.3. Methods and material for containment and cleaning up

Clean up      Large quantities should be picked up and treated as ordinary waste. Follow local regulations. Small quantities can be dissolved/diluted in water and flushed to drain.

### 6.4. Reference to other sections

Other instructions      See Section 8 for information on appropriate personal protective equipment. See Section 13 for additional waste treatment information.

## SECTION 7: Handling and storage

### 7.1. Precautions for safe handling

Handling      No special handling advice.

### Protective safety measures

Advice on general occupational hygiene      Avoid contact with eyes.

### 7.2. Conditions for safe storage, including any incompatibilities

Storage      For quality reasons: Store above 0°C.

### Conditions for safe storage

Packaging compatibilities      Store in original container.

### 7.3. Specific end use(s)

Recommendations Hand wash.

## SECTION 8: Exposure controls / personal protection

### 8.1. Control parameters

### 8.2. Exposure controls

#### Precautionary measures to prevent exposure

Appropriate engineering controls No particular measures are necessary.

#### Eye / face protection

Eye protection, comments Not necessary.

#### Hand protection

Hand protection, comments Not relevant.

#### Skin protection

Skin protection remark Not relevant.

#### Respiratory protection

Respiratory protection, comments Not relevant.

#### Appropriate environmental exposure control

Safety measures for consumer use of the chemical For professional use only.

## SECTION 9: Physical and chemical properties

### 9.1. Information on basic physical and chemical properties

Physical state	Viscous liquid.
Colour	Clear. Colourless.
Odour	Weak odour of raw material.
pH	Status: In delivery state Value: ~ 5
Relative density	Value: ~ 1,03 Temperature: 20 °C
Viscosity	Value: ~ 1250 mPas Temperature: 20 °C
Explosive properties	The product is not explosive.
Oxidising properties	The product is not oxidizing.

## 9.2. Other information

### Physical hazards

Corrosive to metals

Assessment: Not corrosive to metals.

### 9.2.2. Other safety characteristics

Miscibility

Soluble in water in all proportions.

## SECTION 10: Stability and reactivity

### 10.1. Reactivity

Reactivity

There is no danger during storage and normal use.

### 10.2. Chemical stability

Stability

Stable under normal conditions

### 10.3. Possibility of hazardous reactions

Possibility of hazardous reactions

Under normal conditions of storage and use, hazardous reactions will not occur.

### 10.4. Conditions to avoid

Conditions to avoid

None known.

### 10.5. Incompatible materials

Materials to avoid

None known.

### 10.6. Hazardous decomposition products

Hazardous decomposition products

Under normal conditions of storage and use, hazardous decomposition products will not occur.

## SECTION 11: Toxicological information

### 11.1. Information on hazard classes as defined in Regulation (EC) No 1272/2008

#### Other information regarding health hazards

General

This document does not necessarily fulfil the requirement for a safety data sheet. For this type of product (cosmetics and bodycare products) legislation does not require a safety data sheet.

Eye contact

May irritate the eyes.

Sensitisation

Contains no substances known to be or suspected to be sensitizers.

Mutagenicity

Contains no substances known to cause heritable genetic damage.

Carcinogenicity, other information

Contains no substances known as carcinogenic.

Reproductive toxicity

Contains no substances known or to mimic or disturb hormones or suspected to be harmful to reproduction.

## 11.2 Other information

Endocrine disruption                      Contains no substances known or to mimic or disturb hormones or suspected to be harmful to reproduction.

## SECTION 12: Ecological information

### 12.1. Toxicity

Ecotoxicity                                      No ecological research has been performed on the mixture.

### 12.2. Persistence and degradability

Persistence and degradability description/evaluation                      The surfactants are readily biodegradable.

### 12.3. Bioaccumulative potential

Bioaccumulation, evaluation                      Accumulation is unlikely.

### 12.4. Mobility in soil

Mobility    Not known.

### 12.5. Results of PBT and vPvB assessment

Results of PBT and vPvB assessment                      No known significant effects or critical hazards.

### 12.6. Endocrine disrupting properties

Endocrine disrupting properties                      Contains no substances known or to mimic or disturb hormones or suspected to be harmful to reproduction.

### 12.7. Other adverse effects

Additional ecological information                      Normal use of the product is not expected to cause any damage to the environment.

## SECTION 13: Disposal considerations

### 13.1. Waste treatment methods

Appropriate methods of disposal for the chemical                      Treat as ordinary waste, but follow local regulation. If delivery at local disposal place is not possible or for disposal of large amounts of product, treat as hazardous waste.

EWC waste code                                      EWC waste code: 070601 aqueous washing liquids and mother liquors  
Classified as hazardous waste: No

National waste group                              Norwegian wasteno: 7133 Cleaning aids and detergents.

## SECTION 14: Transport information

Dangerous goods                                      No

**14.1. UN number**

Comments Not classified as dangerous goods on sea, road or rail due to ADR/RID/IMDG-regulations.

**14.2. UN proper shipping name**

Comments Not classified as dangerous goods on sea, road or rail according to ADR/RID/IMDG-regulations.

**14.3. Transport hazard class(es)**

Comments Not classified as dangerous goods on sea, road or rail due to ADR/RID/IMDG-regulations.

**14.4. Packing group**

Comments Not relevant.

**14.5. Environmental hazards**

Comments This product is not classified as environmentally hazardous according to ADR/RID.

**14.6. Special precautions for user**

Special safety precautions for user Not applicable.

**14.7. Maritime transport in bulk according to IMO instruments**

Ship type required Not relevant.

**SECTION 15: Regulatory information****15.1. Safety, health and environmental regulations / legislation specific for the substance or mixture**

Biocides No

Nanomaterial No

Legislation and regulations Regulation (EC) N° 1223/2009 on cosmetic products. Regulation relating to the recycling of waste (Waste regulation). Transport labelling is in accordance with the ADR/RID/IMDG-regulations.

Comments Products for personal care are subject to the Cosmetics Directive, and do not fall within the scope of CLP or REACH.

**15.2. Chemical safety assessment**

Chemical safety assessment performed Yes

Chemical safety assessment Action/recommendations given under the various sections are based on evaluations and implementations of information in received exposure scenarios (ES).

**SECTION 16: Other information**

Supplier's notes

The informasjon in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. Information given is intended to present guidelines for safe handling, use, processing, storage, transport, disposal and discharge; it is not intended to be a guarantee or quality specification.

Training advice

For professional use only.

Key literature references and sources for data

Information from manufacturer/supplier.

Information added, deleted or revised

Replace SDS dated: 01.08.2023 One new article number is added. Changes in section 1
